Professional Summary

As a motivated IT aspirant, I have foundational knowledge in Python programming . I have also trained in PLC automation and SCADA, gaining practical experience in industrial automation tools. I am eager to build my career in IT sector, leveraging my programming ,automation, and data analytics skills to develop innovative software solutions

Education

CHAITANYA ENGINEERING COLLEGE

Bachelor of Technology in Electronics and Communication Engineering

Diploma in Electronics and Communication Engineering — 62.8%

Visakhapatnam, Andhra Pradesh

Pursuing 3rd year

2024

SRI VENKATESWARA ENGLISH MEDIUM SCHOOL , TC PALEM

SSC (10th Class), Andhra Pradesh Board — 7.8 GPA

Relevant Coursework

- Embedded Systems
- IoT Tools
- C Programming
- Python Programming
- Basics of PLC
- Digital Electronics
- Basics of SCADA
- Microcontrollers

Experience

Centre of Excellence in Maritime and Shipbuilding - CEMS

SEP 2021 – FEB 2022

6-month training in basics of PLC & SCADA

Visakhapatnam, Andhra Pradesh

Developed practical skills in automation, logic control, ladder logic, and real time monitoring, applying these skills to industrial automation projects.

Projects

Plant Care AI :

2026

Description: *Developed an AI-based mobile application to detect plant leaf diseases using image processing and CNN models, providing real-time diagnosis and treatment suggestions.*

Technologies Used: *Flutter, Dart, Python, TensorFlow, Keras, OpenCV, NumPy, CNN (Convolutional Neural Network)*

My Role: *Designed the app workflow and contributed to system flow, user experience, and future enhancements.*

Impact / Outcome:

- *Enables early detection of crop diseases*
- *Reduces dependency on manual inspection*
- *Supports smart farming and improves crop yield*

Achievements

- Won **1st Prize** in Technical Events at College Tech Fest, Chaitanya Engineering College, Visakhapatnam
- **Project expo:** smart home automation using IOT
- **PPT:** Medi-Bridge Healthcare at Every Doorstep
- **Quiz:** technical questions
- Won **1st Prize** in Never more hackthon2026

Technical Skills

Languages: C, Embedded C, Basic Python

Developer Tools: VS Code, Arduino IDE, GitHub, Blynk, ThingSpeak

Technologies: Firebase (Auth, Realtime DB)

Protocols: MQTT, HTTP, SPI, I2C, UART
